Send LOVE & PEACE to the people & land of BURMA

This message is for PEOPLE of all Nations; it is shared with respect for the sacredness in all things, and gratitude to the original Custodians of Earth.

Sacred Law cannot be violated. The time has come for every human being to accept personal responsibility for the pain and heartache circling the earth. There is no excuse for any SOUL to continue to disrespect the sanctity of life. This behaviour is a deep denial of the true nature and purpose of humanity. Ignorance is no longer an excuse. Arrogance is unacceptable. The only option is PEACE.

It is time to stand up and BE HUMAN. Listen to what you know in your heart of hearts is true. The atrocities in our world are appalling and we all know it. Human suffering and environmental damage occur together. The abuse of people, land and rivers in Burma; the mass expulsion of ethnic Nepali from Bhutan; genocide in Sudan; avarice for oil, coal, uranium, gold, diamonds and coltan; destruction of old growth forest for plantations in Tiwi Islands; poverty and homelessness in Sydney, Beijing, Rio, LA and beyond; disrespect for Indigenous peoples; the 'climate crisis'; HIV/AIDS and cancer are symptoms of the HUMAN crisis. This crisis is caused by our collective disdain for the laws and values of life that unite and sustain us. How we respond now, will shape the present and future of life on earth.

This is your calling card. Stand up and be who you were born to be. Draw on your wisdom, courage and humility. Use your power to heal yourself and the world. It is not up to the United Nations, China, US, Governments, ASEAN, or the European Union to bring about peaceful change in Burma. This is about US - YOU and ME, being HUMAN.

Hold my hand, and walk with compassion, integrity and LOVE for the good of all.

WE ARE ONE.

It's your turn NOW.
